Introduction

2022 marks an exciting new chapter for cross-country rallying, as the discipline becomes the seventh World Championship under the governance of the FIA. The unification of the FIA and FIM World Championships, consisting of five rounds in their new format, makes the 2022 season a turning point in the history of rally raids. Its unique and harmonious blend of the spirit of adventure, extreme endurance, navigation and technical performance turns this sport into an exceptional spectacle for the stars and fans alike. The five-round inaugural FIA World Rally-Raid Championship kicks off with the famous Dakar Rally in Saudi Arabia, an epic adventure in the spectacular sand and dunes of the Empty Quarter. The Championship remains in the Middle East for the Abu Dhabi Desert Challenge before heading to Central Asia and Kazakhstan, where the arid scrublands and deserts of the world's largest landlocked country provide another different challenge. Rally Andalucia marks the World Championship's visit to Europe, while Rallye du Maroc on the African continent rounds out the season with its wide range of technical, fast and sandy tracks, as well as dunes.

For the fifth time, Rally Kazakhstan 2022 will be a round of FIA Cross Country Calendar and for the second time a round of FIM Cross Country World Championship. This year's Rally will consist of 5 stages in the Mangystau region of the Republic of Kazakhstan. Fulfilling the wishes of our permanent participants, the route of the Rally in 2022 will be significantly renovated comparing to with previous years.

The novelty of this year's edition will be new venue of the Rally – Rixos Water World Aktau the first and only five-star luxury resort hotel with "All Inclusive All Exclusive" concept in Kazakhstan located on the seashore of the Caspian Sea. Park Ferme / Service Zone and all necessary facilities will be located just near the main Hotel.

On April 24, 2022, the official headquarters of the competition will open in the welcoming hotel Rixos Water World Aktau. There will be inspections for the FIA Eurasian Zone, and on April 25 administrative and technical checks for participants of Rally Raid World Championship. That evening the ceremonial start will take place on the Caspian Sea shore of Aktau city with a fascinating view of sunset over the sea. This will be followed by 5 stages from 26 to 30 April on the picturesque Mangystau Region. Finish of the Rally, Prize Giving and Wards Ceremony will be organized at Rixos Water World Aktau with its great hospitality.

Tracking and Timing

Tracking

This year Rally Kazakhstan will use a new supplier Marlink for the tracking system. If you are not familiar with their Iritrack system, it is advised that you visit their resource page below on the Marlink website and or contact them below with any question. Additional information will be provided at the competitors briefing and in the supplementary regulations in regards to the operation of the Iritrack system or can be found in the 2022 FIA Cross Country Rally Sporting Regulations, Appendix V1, Section 12.1.1.

- Website: <https://eshop.marlink.com/en/>
- Contact: Sebastien Rousees
- Sebastien.Rousee@marlink.com

The rental cost of the Tracking/Safety system (Iritrack V3) and Timing system will be informed later on. For Iritrack V3 you will require to purchase a mounting kit with one of two options below.

- Purchase a complete mounting kit online (Power cable, bracket, antennas) from the Marlink Eshop.
- Purchase the complete mounting kit at the administrative checks. In case you choose this method, please be aware that you may have little time to set it up before your allotted time for scrutineering.

Installation of the mounting kit, your vehicle must be fully equipped with the iritrack kit at the technical checks and ready to plug the Iritrack in. You can find more information and mandatory instructions in the mounting guides provided on the Marlink website mentioned above.

Deposit: Competitors will be required to lodge a deposit of €1500 at event registration direct to Marlink; afore-mentioned deposit will be reimbursed upon the safe return of the Tracking and Timing Equipment in the Documentation room. A credit card machine will be available to take this deposit.

Navigation and Sentinel

Rally Kazakhstan will continue working with ERTF to provide navigation and sentinel for competitors. The cost of these devices is not included in the Entry Fee, and must be paid directly to ERTF.

ERTF will request a deposit of €1700 for the material.

The electronic road book will be used for this rally for Auto competitors only.

General Information

Time zone

Aktau time zone is UTC/GMT +5 hours.

Currencies

The local Currency is Kazakhstan Tenge (KZT)

Exchange rate indications at the date of publishing:

USD 1.00 = 432 KZT

EUR 1.00 = 493 KZT

GBP 1.00 = 583 KZT

These rates are accurate as of 07th February 2022.

The import and export of both local and foreign currency are unrestricted. Cash amounts equivalent over USD 10,000 must be declared with the Customs.

Credit & debit cards: MasterCard and Visa are widely accepted.

Banking hours: Monday-Friday 09:00-18:00.

Fuel

Petrol stations in the Kazakhstan are numerous, but the quality of diesel and petrol can be poor in the Region due to mostly using of natural gaz.

Organizers can provide Petrol (Super) and Diesel Euro-5 on request. Special order forms can be found on www.rallykazakhstan.com.

Most offer extra services, such as car wash, oil change. Almost all of them have small supermarkets.

Kazakhstan Entry Visas

Kazakhstan resumes visa-free regime for citizens of 54 countries

According to the Border Service, visa-free regime was previously suspended by the Decree of the Government of the Republic of Kazakhstan until December 31, 2021. Therefore, the regime has been resumed since January, 1 2022.

NOTE: However, it is important to note that foreigners still need a permission from the Interdepartmental Commission to enter the country.

The exception is for citizens of countries that have resumed direct regular flights with Kazakhstan. The exception does not apply for foreigners arriving to Kazakhstan by Charter flights and land transport (railway, auto), whereby a permit from the Interdepartmental Commission will be required.

Kazakhstan visa-free countries:

Additional information can be found on www.mfa.gov.kz or upon request to organizers rallykazakhstan@gmail.com.

Water

The tap water is heavily purified and safe to drink, but we would recommend the locally bottled mineral water. Organisers will provide each person on the rally as much bottled water as needed.

Electricity

The electricity supply is 220 volts and 50 cycles; the socket type is two pin system; most hotels have adapters for electrical appliances.

Transportation

You can enter the Bivouac with a regular car, although 4x4 vehicles would be required for driving in the sand. The organizers insist that only experienced desert drivers take vehicles off road. Only vehicles with valid door plates from the event will be permitted in the bivouac.

For Aktau city, Rally Kazakhstan Organizers can provide shuttle buses from Airport to Main and Partner Hotels upon request.

Crew

Competitors, Service Crews, Media, Officials and Organization personnel will all be identified with colored wristbands which will always allow to enter all-inclusive catering restaurant at Rixos Water World Aktau.

Telecommunications

There are three main telecommunication services providers in the Kazakhstan: Beeline, Kcell and Altel.

The telecommunication tariffs are reasonably competitive.

The international dialing code of the Kazakhstan is + 7.

Driving rules

To drive in the Kazakhstan, you must hold an International Driving Permit and/or a driving license issued in your country of residence.

In Kazakhstan you drive on the right hand side of the road. It is mandatory to wear seatbelts. Most of the roads are monitored by both fixed and movable radars. Speed limits are usually 60 km around town and 90/100 km on the highways. The speeding fines vary depending on the excess speed level.

The Traffic Police exercise a zero tolerance on drinking and driving.

If you are involved in a traffic accident, however minor, your car **MUST** remain in position and you **MUST** stay with it while awaiting the Traffic Police (by calling 102). All insurance claims require a police report to be processed.

Airport

It is worth taking a look at the website of the airport before your arrival:

- Aktau International Airport (SCO): www.aktai-airport.kz

Emergency services & numbers

- Ambulance – 103
- Police – 102
- Fire – 101

Healthcare and Medical facilities

The general standard of healthcare in the Kazakhstan is high, both in the public and private sectors, although private hospitals have some distinct advantages (predominantly English-speaking, less waiting time, less cultural restrictions).

Medical facilities are of a very high quality but are extremely expensive. Private health insurance is essential, and highly recommended.

Pharmacies are open 24/7.

Photography

Normal tourist photography is acceptable, but it is courteous to ask permission before photographing people.

In general, photographs of government buildings, military installations, ports and airports should not be taken.

Vehicle spares and services and franchises

We recommend to use the services and to buy the spares from the official car dealers of the Kazakhstan.
